

Applause and Accolades for First Program Actors

Master drama teacher Justin Greer has returned for the second semester to work with two second grade Houses (Julie Belkin and Julie Hiraga '90) two times/week in a theater program which will culminate in a presentation. "The kids are loving their theater sessions. They especially liked the last class where Justin gave them an emotion to act out with their faces and bodies," said Second Grade teacher Julie Hiraga. "He is very enthusiastic and gets the kids really involved." This special theater program taught by a charismatic working Broadway actor has been made possible thanks to the endowed Tepper Theater Fund.
